

PREMIUM RIB

CLASSIC, DURABLE, VERSATILE

As the most popular metal roofing and siding option, Premium Rib is manufactured with you in mind. It's versatile and durable design allows it to be applied to a wide variety of agricultural, equestrian, residential, and light commercial projects. Premium Rib is an exposed fastened product offering 36" coverage. Available in a wide range of attractive Mansea Metal colors, Premium Rib carries a 40-year paint warranty that guarantees beauty for decades. As the manufacturer, Mansea Metal will custom cut the panels to your exact specifications, saving you valuable installation time and money. With more than 30 years' experience in the industry, we understand how important your project is and will work with you every "inch" of the way.

PREMIUM RIB

GENERAL INFORMATION

Slope: Minimum recommended roof slope is 3:12.

Coverage: Available in a 3/4" rib height with a 36" coverage width.

Length: Minimum cut length is 3'-0." Maximum recommended cut length is 45'-0." *Longer panels need special consideration for erection, packaging, and shipping.*

Substructure: Designed for use over a solid substrate or open structural framing. *Uniform and properly aligned substructures are necessary to avoid panel distortion.*

Gauge: Available in 29 gauge and 26 gauge in Galvalume and Valspar WeatherXL colors.

Fasteners: Exposed fastened. Contact your representative for assistance in choosing the proper fastener for your project.

*all panels are subject to surface distortion when fasteners are improperly applied. Fasteners that are over-driven will cause stress across the face of the panel at or near the point of fastening.
